

Crazy Critters

You can now have the Sapphire Coast Marine Discovery Centre in your classroom.

Crazy Critters is our new outreach program that can bring the sea to your school.

It is a one hour hands-on, curriculum based program that uses live marine animals, fun facts, games and interactive science activities to engage and inspire students to appreciate and care for the marine environment.

The program is specially designed to target the age group of the students (K-2, 3-6 and 7-8) and can be tailored to suit your needs.

The program can cover topics such as:

- Fun facts about the live marine creatures and dried specimens that we bring
- Animal identification
- The marine food web
- Marine adaptations
- Classification

For more information or to arrange a visit to your school contact us on

02 6496 1699 or via email education@sapphirecoastdiscovery.com.au

Numbers: 10 – 30 students per session

Cost: \$150 per 1 hour session
